

UniSpend Anhydrous Sweetened

Technical Data Sheet

Document number: TDS806909

Approved by QM on date: 1 NOV 2017

500 mL Article Number: 806909

Internal item number (IIN):

DESCRIPTION	UniSpend Anhydrous Sweetened is an elegant, easy to use, anhydrous, plant-based oral suspension vehicle. UniSpend Anhydrous Sweetened utilizes medium chain triglycerides that have excellent oxidative stability and are preservative-free. UniSpend Anhydrous Sweetened is naturally sweetened and fortified with natural bitterness masking agent for optimal palatability. This unique oral suspension vehicle may be ideal for suspending active pharmaceutical ingredients that are known to be unstable in water, are lipophilic, or if the aqueous stability is unknown. Shake well prior to use.	
CATEGORY	UniSpend Anhydrous Sweetened is an oral compounding suspension vehicle used to prepare oral medications. For use in Veterinary, Pediatric and HRT compounding.	
INCI	Medium chain triglycerides, glyceryl distearate, triglycerol monooleate, stevia, natural flavours.	
QUALITIES	<ul style="list-style-type: none"> o Innovative, anhydrous oral vehicle o For use with API's that are known to be unstable in water, lipophilic or if the aqueous stability is unknown o Naturally sweetened with stevia, sugar-free o Natural bitterness masking agent o Allergen-free: Fully refined, bleached, and deodorized oils are not considered to be allergens per Section 203(c), "Conforming Amendments," of FALCPA (United States Food Allergen Labeling and Consumer Protection Act), The European Commission (EC) Regulations and/or the EFSA (European Food Safety Authority). o This product does not contain milk, eggs, fish (e.g. bass, flounder, or cod), crustacean shellfish (e.g. crab, lobster, or shrimp), tree nuts (e.g. almonds, pecans, or walnuts), wheat, peanuts, and/or soybeans. o Resistant to oxidation o Preservative-free o Miscible with ethanol o 7mg carbohydrates per 1g o Simple three-step compounding process o Water and oil miscible flavour concentrates can be used to flavour preparation o Caution should be taken when dispensing in certain syringes (BD) as the graduated markings on the exterior of the syringe will smear if product comes into contact with print 	
TECHNICAL DATA	Appearance:	White, opaque, slightly grainy liquid
	Odor:	Slightly sweet, reminiscent of vanilla
	Shelf life unopened:	24 months
	Storage conditions:	Store at Room Temperature 20-25 °C.
SAFETY DATA	All ingredients have been generally recognized as safe by the USFDA, ANVISA and the Regulation (EC) No 1907/2006 (REACH) when used in accordance with their intended purposes. MSDS can be downloaded on fagron.com.
